

Providing Industry-Leading
IT Services and Solutions to
Alternative Investment Firms

abacusBackup

Backup-as-a-Service for **abacusFlex** clients
requiring extended data retention

Meet Financial Conduct Authority (FCA) and Write Once Read Many (WORM) compliance requirements for retaining data without managing a separate vendor with our extended data retention service.

Features

- 1 Annual full backups and monthly delta backups, stored in AWS Glacier
- 2 Cold storage support for indefinitely stored full backups
- 3 Customizable data backup frequency and retention period
- 4 Restore from any successfully completed backup

abacusFlex

Fully Integrated with our IT-as-a-Service Platform

Our extended data retention service is available as an add-on to **abacusFlex**, our comprehensive, secure and professionally managed IT-as-a-Service platform.
